

Sigmund the Seamonster

(from the 70's Saturday-morning show of the same name)

designed by Margo Mead

Level: Advanced

Materials:

- 5 yards cord of choice
- 1 lanyard hook or keyring
- 203 lime green pony beads (or other color that you feel matches Siggy's coloring)

- 9 white pony beads
- 7 pink or mauve pony beads
- 2 tan pony beads

Note: It's kind of hard to show how to do the legs. Basically you do the two legs that are pointing down first, pull them tight up with the body, then do the two legs that go out sideways, finishing with a knot when you get back to the beginning of those two legs.
