Sleepy, from Disney's "Snow White"

designed by Margo Mead

Level: Advanced

Note: I created this set using mini pony beads (4X7mm) and plastic lacing to go with the Snow White and Prince Charming patterns on Lily's Fashion Doll Beadies site.

On the right is a photo of the completed dwarfs, along with the wicked queen and Snow White and Prince (which are from Lily's site, www.icandream.com)

Materials:

- 2 yards plastic lacing
- 1 lanyard hook or keyring
- 25 tan mini pony beads* (Bolek's color of tan)
- 15 white mini pony beads
- 12 brown mini pony beads
- 11 Williamsburg blue mini pony beads*
- 9 ivory mini pony beads
- 4 black mini pony beads
- 4 tan mini pony beads (Darice)
- 1 peach mini pony bead

*These colors are available from Bolek's Craft Supplies.

Special Instructions: Follow the string path carefully. Tweezers will help in getting the plastic lacing through the mini pony beads when the pattern requires the string to go through a third time.
