Bashful, from Disney's "Snow White"

designed by Margo Mead

Level: Advanced

Note: I created this set using mini pony beads (4X7mm) and plastic lacing to go with the Snow White and Prince Charming patterns on Lily's Fashion Doll Beadies site.

On the right is a photo of the completed dwarfs, along with the wicked queen and Snow White and Prince (which are from Lily's site, www.icandream.com)

Materials:

- 4 yards plastic lacing
- 1 lanyard hook or keyring
- 110 royal blue mini pony beads
- 77 black mini pony beads
- 16 ivory mini pony beads
- 14 white mini pony beads
- 12 gold glitter mini pony beads

Note: This is a very wide pattern and it will need reinforcing if you use materials other than the plastic lacing and mini pony beads.
