Irish Dancer

designed by Kim Sisk

Level: Beginner

Materials:

- 2 yards cord of choice
- 1 keyring or lanyard hook
- 91 green pony beads
- 17 purple pony beads
- 2 black pony beads

Note from the Designer:

The example shown was done in seed

beads with wire. The wire wrapped around the waist is because I had to do it in two parts and join them. If the wire is long enough you shouldn't have that problem.

The dress colors can be changed and if it's done bigger you could add some Celtic knotwork to the skirt.

Irish dancing dresses are usually very colorful. The arms are down at the sides in proper step dancing form.
