Race Car Series

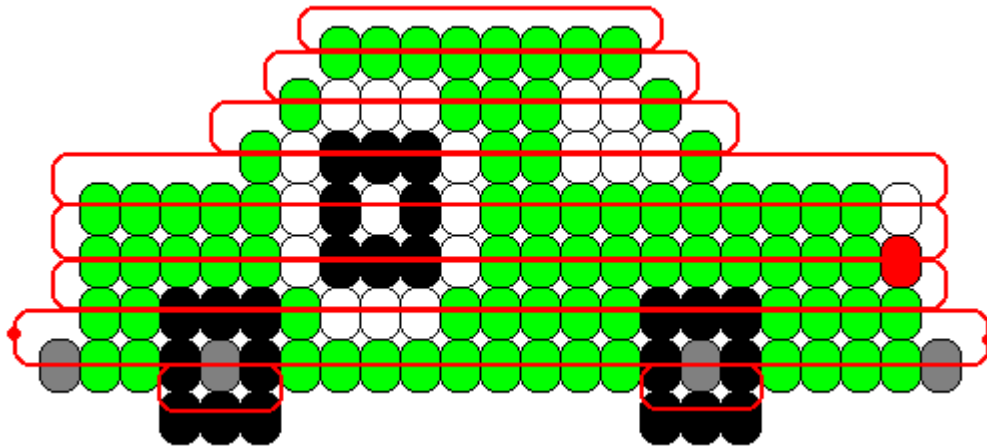

designed by Dianna Lynch

Level: Beginner-Medium

Special Instructions:

This pattern is very wide and will need reinforcing. To do this, take a separate piece of string (whatever cord, ribbon or whatever you're using), and starting at the bottom, go back through the middle 5 beads of each row all the way up to the top, weaving the string as you would normally. Tie in a double knot at the top. The two ends of the car may also need reinforcing.

The end result will look better than the photo below - this beadie was not reinforced.

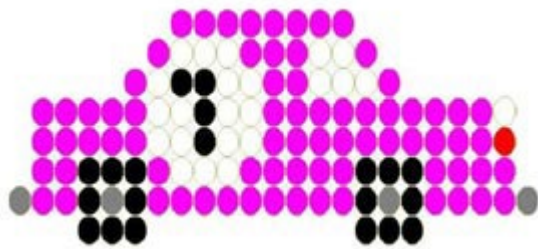

Race Car #1
